## Technical Skills

## Work Experience

### 2020 Grupo Editorial Norma

- Design templates for digital projects in the Netex LearningMaker platform, using HTML and CSS to adjust the content based on the guidelines and scripts provided by the design area.
- Review and tweaking of activities for students in HTML, MATLAB and LaTeX.

### 2018 Magenta Estudios

- Video Post-production for the Beckett Simonon brand, used on advertising campaigns.

### 2018 HAC Promotor de Artistas

- Update of the old corporate image.
- Design of advertising material for social media campaigns.
- Production and post-production of videos and photographs for social media campaigns.
- Development of daily reports for the songs played in radio stations, using the extracted XML data.

### 2015 XFilms S.A.S

- Video Post-production for different brands, using the Adobe CC Suite to edit, colorize and compose the content, used on advertising campaigns.
- Video transcoding in FFMPEG.
